MESSAGE

I am delighted to learn that the Cyber Olympiad Foundation is organising the International Cyber Olympiad.

India has taken a pioneering role in embracing emerging technologies at the grassroot level. Cybersecurity, which is an important component of our interconnected world, stands as one of the most pressing challenges of the digital age. Hon'ble Prime Minister Shri Narendra Modi ji has emphasised the need to raise awareness about the domain of cybersecurity, highlighting its significance within the broader context of national security. With the rapid evolution of technology, it is imperative for individuals, particularly the youth, to be equipped with the knowledge and skills necessary to navigate the digital landscape securely.

I am hopeful that this Olympiad will play a pivotal role in fostering a culture of cybersecurity consciousness among the youth. By providing a platform for young minds to engage with this critical subject matter, it will significantly contribute to building a safer digital environment for our nation, thereby aligning with the Hon'ble Prime Minister's vision for a digitally secured and empowered India.

I convey my best wishes for the successful culmination of the Olympiad and wish the Cyber Olympiad Foundation success in all its future endeavours.

GOVERNOR OF MAHARASHTRA   **11 October 2023**

MESSAGE

I am pleased to know that the Cyber Olympiad Foundation is organizing the International Cyber Olympiad for students.

The International Cyber Olympiad (ICO) serves as a platform for young minds to not only showcase their existing skills but also to cultivate a passion for innovation and technology. Events like these sow the seeds for a brighter, more technologically advanced future. Our students are going to be the future astronauts, cyber security professionals, researchers, entrepreneurs, and more who will shape the landscape of India's technological advancements. The efforts of International Cyber Olympiad in nurturing and encouraging these budding talents are invaluable, and they will undoubtedly leave a lasting impact on our nation. I am confident that the participants will be inspired to push boundaries, think creatively, and contribute meaningfully to the ever-evolving world of technology.

I congratulate the International Cyber Olympiad and convey my best wishes for the success of the event.

(Ramesh Bais)

MESSAGE

I am pleased to learn that Cyber Olympiad Foundation, New Delhi, is organizing the International Cyber Olympiad, which is an attempt to bridge the gap between the education system and the needs of the IT industry. I am told that students from across India and other parts of the world will take part in the event, which also strives to promote cyber security.

In the age of Information Technology, cyber security has emerged as an imperative safeguard against an ever-evolving landscape of cyber threats. With the pervasive integration of IT into virtually every aspect of our lives, from business operations to personal communication, the protection of digital assets and data has become paramount.

Cyber security involves not only the prevention of cyber attacks but also the detection and response to breaches when they occur. As technology continues to advance, so do the tactics of cybercriminals, making it essential for organizations and individuals to stay ahead in the ongoing cat-and-mouse game of cyber security.

This means implementing robust security measures, regularly updating software, raising awareness about social engineering attacks, and maintaining a vigilant posture to mitigate risks and protect sensitive information in our interconnected, digital world.

I convey my best wishes for the success of the International Cyber Olympiad!

(Bandaru Dattatraya)

Ref: Mail dated on 22.09.2023 from Cyber Olympiad Foundation.
>>>>>><<<<<<<

The attention of the District Educational Officers in the state are invited to the ref. Cited and it is informed that International Cyber Olympiad (ICO) is a prestigious competition that tests students knowledge and skills in computer science and also spreads awareness about the safe use of the internet & Cyber security. It is a great opportunity for students to showcase their talent and learn from the best in the field. The importance of Cyber security cannot be overstated. In today's digital world, our personal and financial teaches students how to protect themselves and their families.

The following points about the importance of the International Cyber Olympiad:

a. The Cyber Olympiad helps to bridge the gap between the education system and the needs of the IT industry.
b. The Cyber Olympiad provides a platform for students to develop their problem- solving and critical thinking skills.
c. The Cyber Olympiad helps to promote Cyber Security awareness among students and the general public.
d. Participating in the Cyber Olympiad can help students gain confidence in their abilities and boost their self- esteem.
e. The Cyber Olympiad covers a wide range of topics, so students will have the opportunity to learn about the latest trends in technology, computer science and Cyber security.
f. All the students will be awarded certificates for motivation while winners will be awarded cash prizes trophies, Medals and much more.

The important dates are as follows:

I Round (School Level) (For Classes 1-10)	Exam Dates - 20 Sept/6 Oct/3 Nov/14 Dec Last Date to register - 15 days before exam date
II Round (International Level)	Date and examination center to be notified at appropriate time.

Therefore, the District Educational Officers in the State are requested to issue necessary instructions to all the field functionaries to participate in above Olympiad for the promotion of Cyber security awareness and technological revolution amongst the students.

To,

The Principal

Subject: Information regarding "International Cyber Olympiad 2023".

Respected Madam/Sir,

We are pleased to inform you that **Cyber Olympiad Foundation** is organizing the "**International Cyber Olympiad 2023**" for students and schools around the world. Thousands of schools from all around the World take part in this elite competition every year. This year, we are opening the gates to this elite competition for the students and schools across India. The Cyber Olympiad exam in India will be based on the curriculum provided by the **National Council of Educational Research and Training (NCERT)**, an autonomous organization by the Government of India. **ICO** also comes under the **National Education Policy - 2020**. By being a part of this Olympiad, students will get a chance to examine their skills analytically and logically. This Olympiad also raises awareness about safe use of Internet & technology among students.

ICO provides a platform for students to get recognition at the Global level.

- ⭕ **The registration fee for all classes is Rs. 150 to participate in the International Cyber Olympiad.**
- ⭕ **All the students will receive participation certificates.**
- ⭕ **School level Winners will get Medals and Certificates of Merit.**
- ⭕ **International winners will get "CyberHero" Trophy, Certificate of Excellence, and Cash Prize.**
- ⭕ **Regional level winners will get Regional Topper Medals, Certificate of Excellence & many attractive prizes.**
- ⭕ **The Olympiad Co-ordinator of the school will be awarded with Certificate of Appreciation.**
- ⭕ **All the participants of class 1 and 2 will be given certificates & medals based on score for encouragement.**
- ⭕ **A grand award ceremony will be held in the New Delhi to felicitate the International winners.**

We humbly request your support in considering conducting ICO-2023 at your respective school.

We are confident that, with your support, we can provide an exceptional opportunity that will have a lasting and positive impact on the students.

Yours Sincerely,

Cyber Olympiad Foundation
